“Our friends over at HHBTM will be releasing a new record from the Garment District (Jennifer Baron of Ladybug Transistor) this September, and there’s been a delightful single fluttering about you would likely enjoy. There’s about a minute of ambiance, opening the video and flirting with imagery, but, it just seems to be hanging on the edges, eventually fading away to let the song run in with this mixture of bounding pop and psychedelia; singer Lucy Blehars voice shines through it all, hitting these crystalline notes that land perfectly in the mix. The track moves back and forth between bits of softly curled elegance and that stomping psych boogie, so you get all my favorite pieces tied into this musical trip that rewards time and time again.”
